I am a creative full-stack developer looking for experience in software engineering. Outside the workforce, I have experience in project management, front-end, and back-end development at California State University, Fresno. I also have experience in tutoring peers voluntarily in and outside of school.

WORK EXPERIENCE

McDonalds (April 22, 2018 - June 22, 2022)
Crew Trainer

- Tasked with training new and current Crew Members about all service, kitchen, and safety guidelines that McDonalds enforces.
- Checking the store's stock and ordering supplies on a weekly basis.
- Assembled all food items in the kitchen while also cooking all food items.
- Bagged food orders and served customers

EDUCATION

California State University, Fresno (July 18, 2018 - Present)
Undergraduate, Computer Science
3.20

I am currently a Senior in my last semester.
